### Annual Mental Health Bell Ringer Campaign Approaches In State

Jackson, Miss.—As time for the fourth annual Mental Health Bell Ringer campaign approaches, district leaders are holding briefing sessions with county volunteers throughout the state. Beginning this week, county campaign chairmen and their helpers will meet with district leaders in the Mississippi Association for Mental's fund-raising campaign to work out details for the fund drive in those areas where mental health is not included in the United Givers Funds or Community Chest Drives.

The executive director of the state association, George I. S. Corcoran, and the state campaign director, William F. Winter, will meet with the campaign leaders in each of the 10 districts of the state in a series of sessions. Serving as district leaders are: Lynn Parker, Tupelo; Dr. Edward Hobbs, University; W. O. Semmes, Grenada; Leroy Percy, Greenville; Hunter Gholson, Columbus; Lawrence J. Franck, Vicksburg; Walter Eppes, Meridian; Mrs. W. M. Lauderdale, Brookhaven; and William S. Boyd, Jr., Laurel.

During these briefing sessions, the county leaders will receive instructions and materials needed to Kick-off the 1960 campaign which has a goal of \$60,000.

Winter, in announcing the district meetings, brought out that the needs of Mississippians in mental health field are great. "A recent survey by the American Psychiatric Association and the National Association for Mental Health shows that in each of the 15 categories surveyed, Mississippi fell far short of the nation average," he said.

"For instance," Winter said, "while in numbers of patients per 100,000 afflicted by mental illness, the survey shows a small decrease, we have made little or no progress in the number of professional personnel available per 100 patients, nor in the number of full-time employees per 100 patients, and have increased the amount spent per day for patient care in our state hospitals by only seven cents per patient per day since 1955."

"We have come a long way since the organization of the state mental health association, but much more progress must be made in order to help combat the fight against mental illness, which has been dubbed 'the No. 1 health problem'."

Winter continued, "Every Mississippiian now spends \$1.36 a day to keep in the state's 12,000 mental beds."

### HOME AGENT'S NOTES

by  
**MARCIA P. HUGHES**  
Home Demonstration Agent

"No-iron fabrics of the man-made fibers as orlon or dacron sometimes seem to need a little touch-up ironing, don't they? But when you iron them, you want to avoid glazing or giving your new blouse or other garment an unattractive shiny look. To do this, be sure your iron is set properly for pressing nylon or other man-made fibers. It is important to use a low temperature—about 250 degrees F.—or the rayon or synthetic setting on automatic irons. Higher temperatures are not necessary for these fibers.

Use a steam iron, or a dry iron with a press cloth. Pressing on the wrong side of the fabric also will help prevent glazing.

**PLANNING A BATHROOM**

Whether you are planning a bath room for a new home or another one for a present home, you will want to consider:

Placing the bath room next to the kitchen or wash room to save plumbing.

Planning the plumbing so pipes can be put into the walls and under floors where they are hidden from sight.

Placing fixture end of a recessed or built in bath tub on an inside wall, with a removable panel in the wall so you can easily repair pipes.

Trying to place the bathroom where you can get to it without going through other rooms.

An exhaust fan or other type of ventilation if your bathroom cannot have a window. You need this to remove warm air and prevent moisture.

Placing fixtures for convenience and privacy. Don't put the tub under any window. Someone might fall and be injured as he stands up to raise a window. Reaching over the tub to raise or lower a window is hazardous. Placing switches so it will not be easy to turn light on while in water; it is dangerous.

*We cordially invite...*

our city neighbors to join us this year, as we celebrate the 25th birthday of rural electrification.

**THERE'S A GOOD REASON.** City jobs are more secure, paychecks fatter, and business is better, since rural Americans banded together to serve themselves with electric light and power.

**THIS YEAR THEY WILL BUY** over a billion dollars worth of electric appliances and equipment—made and sold in cities and towns. And this market didn't exist until rural America was electrified by member-owned, private enterprises, such as ours.

**THOUSANDS OF MEN, WOMEN, CHILDREN**—our city neighbors—live happier, safer lives today, because of this great surge of buying power provided by the growing needs of rural America.

That's why we're proud to say...

## LUTHERAN CHURCH SERVICES

303 Utman Avenue  
Rev. Victor Moritz  
Sunday Evening Service, 7:30 O'Clock

Here...  
you'll find a Faith  
to live by...

It's quiet inside. Quiet with the peace of centuries, for this is God's House.

Within these walls, the worries which loomed so large outside become less fearsome... for the first time perhaps you see them in their true perspective. If this alone were the reward of Faith, it would be enough. But there is more.

Faith is a source of strength, a reservoir of power that helps you meet the needs of every day. By worshipping with your family each week at your church or synagogue, you're giving them a measure of security no amount of money could buy. The Faith to hope... to grow... to live by.

Build a stronger, richer life...

Worship together every week

## Chit-Chat

By HEE CAT

A third group of sailors alighted  
from the Southern Saturday

night. From what I've heard  
so far the trip from the time

they left Slidell until their re-  
turn was just one exciting and

wonderful time. After the  
silence of retreat is broken we

will hear many interesting sides  
of the Washington and New

York tour, I'm sure.

Regina Solanos spent her time  
in New York in her hotel room

I'm told, with a spell of ton-  
sillitis. She continued on to

New Orleans where she is recuper-  
ating.

Annual three day retreat, with  
Father Wallace, O. F. M., retreat

master, came to a close Wednes-  
day with a blessing by Father

Wallace. It was a marvelous  
retreat.

School pictures are in  
eagerly awaiting for them to be

given out.

## "1001 Arabian Nights" Opens Sunday And Mon. At The Star Theatre

The 1001 wonderful sounds  
and sights of the fabulous world

of the Arabian Nights have been  
brought to the screen in UFA's

first full-length feature produc-  
tion for Columbia release, "1001

Arabian Nights." Starring the  
near-sighted Mr. Magoo, one of

the most popular personalities  
in the animated field today, the

new Technicolor cartoon feature  
opens Sunday and Monday at

the Star Theatre.

Featured in this sparkling new  
version of the story of Aladdin

and his magic lamp are the  
voices of Jim Backus as Uncle

Abdul Aziz Magoo; Kathryn  
Grant as Princess Yasminda;

Dwayne Hickman as Magoo's  
nephew, Aladdin; Hans Conrerd

as the Wicked Wizard; Hershel  
Bernardi as the Jinni of the

Lamp; Daws Butler as Omar the  
Rug Maker; Alan Reed as the

Sultan; and The Clark Sisters as  
Three Little Maids from Dam-

ascus.

In taking off on this magic  
movie carpet of love thrills and

laughter, "1001 Arabian Nights"  
has, besides the fabulous Arabian

Nights' characters, such won-  
derous things as the Magic Flame,

the Enchanted Lamp and the Ter-  
rible Executioner. Songs written

specifically for "1001 Arabian  
Nights" include "You Are My

Dream," "Three Little Maids  
from Damascus" and "Magoo's

Blues."

Written for the screen by  
Czard Ormonde, "1001 Arabian

Nights" was directed by veteran  
cartoon maker Jack Kinney and

produced by Stephen Bosustow.
